Research grant at the Astronomical Observatory of Rome

Dear all,

we wanted to report the publication of a post-doc position to be filled at the INAF-Astronomical Observatory of Rome for the development of the archive of the ASTRI-Miniarray project and for the future testbed for Bulk Archive of the international Cherenkov Telescope Array project, CTA.

Please circulate this notice to all possible interested parties.

The documentation for participation is available on the website of the Astronomical Observatory of Rome:

<https://www.oa-roma.inaf.it/blog/assegno-di-ricerca-post-dottorato-astri-mini-array-su-fondi-pon-ibisco/>

And on the INAF website:
